Certificate

![brightsight® the number one security lab in the world]

Standard	*FeliCa Approval for Security and Trust scheme v1.30*
Certification ID	**FAST-CL-055**
Certifying lab	**Brightsight B.V.** *located in* **Brassersplein 2 – 2612CT Delft – THE NETHERLANDS** *declares that:*
Developer	**THALES DIS FRANCE SAS located in** **La Vigie, Avenue du Jujubier - Z.I. Athélia IV, 13705 La Ciotat Cedex**
Product	**Combo CE 4.2.3 v1.2** *has been shown by*
Evaluating lab	**SERMA SAFETY AND SECURITY** *located in* **14 rue Galilée- CS 10071 – 33608 Pessac CEDEX - FRANCE** *to meet the requirements of the FeliCa Approval for Security and Trust scheme procedures and to protect the FeliCa assets against state-of-the-art attackers, provided the following guidance is followed and limitations are honoured:*

Guidance document

- **Guidance for Secure application development on Thales Embedded Secure Solutions, v2.0, June 2021, Ref.: D1516176**
- **Operational guidance of Thales Embedded Secure Solutions for VA, v1.0, January 2020, Ref.: D1516178**
- **Operational guidance of Thales Embedded Secure Solutions With or Without Controlling Authority And Optional Verification Authority, v1.0, February 2020, D1516180**
- **Composition Model- Security Guidelines for Basic Applications, v2.0, November 2014, Ref.: GPC_GUI_050**
- **Security technical note for guides of Thales Embedded Secure Solutions, v1.0, March 2021, Ref.: D1546158**

Product identification method	**The identification data can be retrieved using the GET DATA command (tag 00FE). The following identification data:** - **Java Card version: 2B060104012A026E0103** - **OS Information: PDM counter: D0023F1546, OS release: 0110 (1.10)**
Platform	**Combo CE 4.2.3 v1.2**
Platform Security Certification	**PCN 0179.02**
Date of 1st issue:	**2022-04-25**
Expiry Date:	**2025-04-24**
Signed	**Jos Goudriaan**
